**The Truth Project**

**Doug Gerber**

The Truth Project is a small group video curriculum designed to build a systematic and comprehensive biblical worldview in the lives of believers. Each lesson looks at life from a biblical perspective, studying the very nature and character of God and how He has revealed Himself to us. Dr. Del Tackett leads us through the overriding question: "Why did Jesus come down to earth?" Each session will be spent viewing a 1-hour video by Dr. Tackett, followed by discussion and sharing of insight of the material presented.

7:00 - 8:00 p.m.

**Women's Group**

**Genesis**

**Julie Reese**

The first book of the Bible is packed with information about the creation of the universe, broken and restored relationships, and God's revelation to and guidance for humanity who continually turned away from Him. Join us as we continue to dig deeper into this fascinating book filled with the early history of characters and events that continue to show us God's plan for the world and our role in it. We will be resuming our study in Genesis 22. All women are welcome to join, whether you have never joined, participated in the past and have not recently, or have been a regular attender.
