~ Rachel Brading Testimony ~

Rachel wanted to share so here are her thoughts in her own words:

"I am so grateful to God for saving my life and building me up. God gave me my brain back and letting me remember my whole life. I am a lot more independent now, I wake up in the morning and immediately remember house chores my parents tell me to do the night before. I honestly feel exactly like Rachel Schwartz from years ago. I'm learning education on how to do things and I'm memorizing them. I also sit in the front seat of the car which is educating me on how I will drive safely in the future. Physically God has really built me back up. I'm a lot better with my walking and I walk multiple miles some days. I was able to walk 7 miles at the beach and a different day I was able to walk over a bridge. I use both of my arms frequently and I lift heavy weights with both my arms and legs."
